

## **Sale of Allworx to Investor Group Is Complete**

Allworx is pleased to announce the sale of its assets by its parent company Windstream was completed effective April 9th, 2021. The NEW Allworx company will continue to operate out of its current Rochester, NY location where its Research and Development Team is located along with Operations and Technical Support. It is expected that there will be some expansion of facilities including warehouse locations to accommodate the current growth in sales. In addition, the new company has already been moving quickly to enhance its current product line and to add new products and services as part of the Allworx brand.

Tom Elliott, Director of Sales and Business Development for Allworx stated: “Development of a Virtualized Server Platform, has been well underway at Allworx in recent months. In addition, we are working on other NEW offerings that will be coming out in Q2 and Q3 of 2021. These products will add to overall communications solutions where Allworx is the primary communications platform for the end user as well as assist our channel in increasing revenue and servicing the user’s total needs.”

In the next several weeks Allworx expects to provide more detail on its product plans to its channel partners, as well as reintroduce certain promotional marketing efforts in the channel to aggressively grow the business.

Allworx Authorized Resellers and Distributors are encouraged to get in contact with their respective Allworx Channel Managers and Representatives to schedule in-person and remote update sessions.
